

JIFRAM ANNOUNCES THE ADDITION OF A NEW REP GROUP

James Fischer, CEO of Jifram Extrusions, Inc., a Midwest plastic extrusions manufacturer, announced the addition of PLASTIConsultants to their list of plastic extrusion representatives.

PLASTIConsultants, established in 1981, is a four-man team with over 75 years of experience in the plastics industry. The organization is comprised of Gary Derethik, Don Reynolds, Dustin Derethik and Mark Derethik.

The company operates from two Midwest locations, Cleveland, Ohio and St. Paul, Minnesota. PLASTIConsultants has a vast amount of knowledge in screen printing and fabrication of plastics. They have worked on many POP projects and have the skill to identify and solve a multitude of material problems.

This vast experience in plastics enables them to expand and serve customers of Jifram Extrusion's Inc.
